Dear Parents,

On Friday, November 13<sup>th</sup>, the Primary staff will begin a two-day professional development programme. On this day there is a programme that makes full use of our vertical house system as we will be combining primary and secondary students into their Houses for the day.

Year twelve students will have their usual IB study that day but everyone else will pare off into their tutor groups, organised by gender within each House. The tutor groups will engage in community and service projects, student welfare programmes and mentoring. Most of the activities are planned for outdoors. As such we would like to remind parents and students to bring along the following personal items: a sun hat, sunglasses, sunscreen and water bottles.

It's setting up to be a wonderful day of growth and good times.

Respectfully,

Brian Jackson

Senior Head of House
