A note from the Deputy Head of Boarding

The Dragon House Community is doing well. We are all busy with studies, activities and having fun. I rarely find students bored. Students are always doing something and I think being busy is a good thing. I enjoy walking these halls and being a part of this community. We all have our part here and I really appreciate seeing these students work as part of the Dragon House team. I'm always here to lend an ear or help out. Be well.

Evening Clubs and Activity Times

Everyday when we come back to Dragon House after a hard day's job at school we want to relax and have fun for the rest of the day. We have homework time, there are teachers there to help us. This time is used for catching up with homework. After homework time we have club time which is a time where students can communicate and interact with each other and play sports that they want to freely play such as soccer, basketball, badminton etc. This is a good time or event that we had organized and right now many children of all grades play together. In my experience, people are showing competitive skills. Some people can lead teams to victory and they are showing a positive perspective to this event. I hope to have more time playing this sport and have more time to interact and have fun and developed our selves as a big community, a unit of dragon house UISZC.

Bryan To:
The club time was so awesome today because we went to play soccer. It was fun. I hope we will do it everyday. But I still got to learn for the exam... it was a hard day.

Boarding Events

Each month we have different events where students can let loose and have some fun.

Happy Birthday!

Today is Tuesday, December 1st We had celebrated birthdays of four people including **Nicolas, Simon, Max and Lucille**. We had a party in our “chilling” place, the common room (play room). This is an important event because not every person celebrates their birthday everyday and with the company of their close friends and loved ones. This is also a good way to develop our relationship to the community as a unit of dragon house UISZC.

Upcoming Events:

- We are all looking forward to the Christmas party this month.
- And of course our December Break
- Dragon House Bonfire and camp songs

Weekend Boarding

I stayed in the Dragon House this weekend and I had a great time. We went to Wal-Mart in DongGuan. It was the first time I went there. I bought lots of food and DVDs. After that we had lunch in a Japanese restaurant. We ate different kinds of sushi. It was delicious. By the way, Mr. C. thx so much for the lunch.

Sushi is Great!

On weekends we usually go to visit a nice scenic area in the local area to enjoy the day and spice up our weekend. We also get the chance to eat at really cool places like this Japanese restaurant. Trying these unique and new foods is a great cultural experience.
