

UISZ Community Summary – Week 29

Upcoming Events

April 4-9: Spring Break

April 13th: Sing Tao online information session

April 28: DP Exams Start (Three Weeks)

INTRO

There has been a buzz in the air as students excitedly returned from the Spring Break rested and revitalised. On Wednesday Earth House hosted the Secondary Assembly Awards Ceremony. Here are a selection of photos some of the winners who came to the stage to collect their awards.

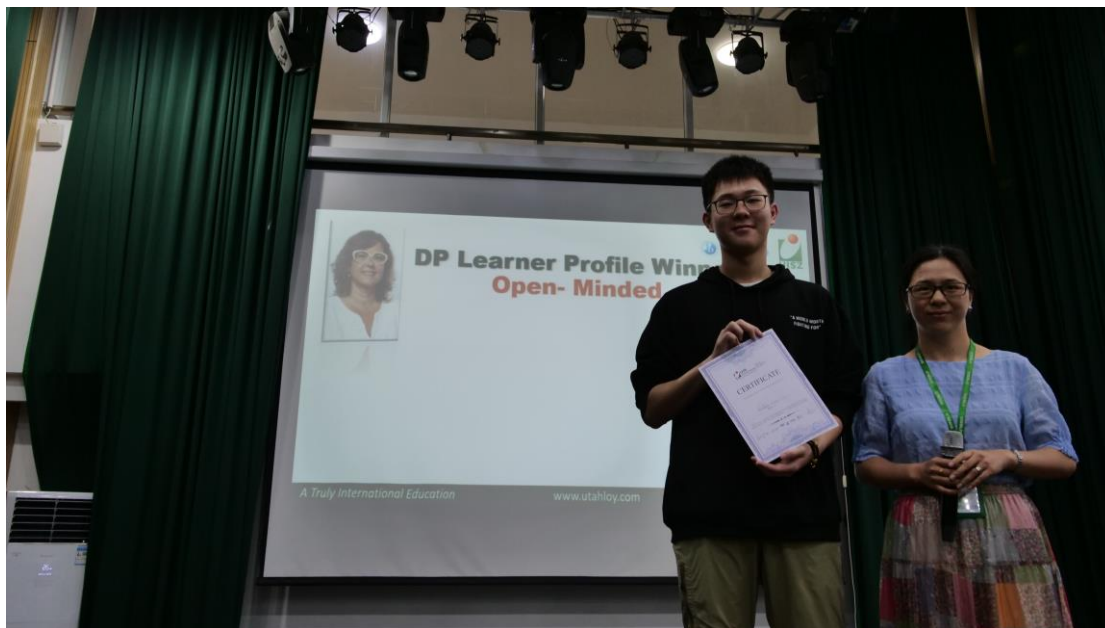

Message From the Head of School

Dear parents and students,

We are again looking forward to seeing you all this coming **Friday, April 23**, for our **EcoFair 2021**. Our students and teachers have been reflecting considerably on how to improve our future by making smarter choices in their everyday lives.

The Fair will be followed at 2:00 pm by a live **presentation in the theatre of our new campus by our architect, Mr Thomas Chow**. All parents and year 4-12 students are welcome to attend.

Last, to better serve our community, you will shortly receive a link to our **yearly community survey**. Your comments and opinions, which are anonymized, are critical for us to understand the needs of our community better. We expect 100% participation from all parents, year 4-12 students, teacher, alumni, support staff, and Board members.

Thank you again, have a great weekend, and see you all on the 23rd!

PYP

Message from Ms Jennifer

We have exciting news in Primary, the new green space near our playground and new wall has been plotted out for each class to have its own classroom garden! Lead by Ms. Meiqing, with her horticultural expertise, each class will be able to plan out their garden, learn about the earth and how plants grow, and discover what is required to take care of a garden. Most importantly, students will be able to get their hands dirty!

Students are excited to begin planting, and we will keep everyone posted as our garden grows.

DP

Message from Mr Greg

Our year 12s are inching closer to their culminating DP exams that start at the end of the month. Their final assembly, where teachers wish them luck and share stories, will happen this coming Wednesday April 21. DP study leave will take place from April 22 to April 28. The first DP exams will be on April 29. All the best to our future graduates as they prepare for these exams. We are all with you!

BOARDING

Message from Ms Valen

“Paper Tower Structure” as high as the sky was the challenge in the STEAM class in Boarding. The materials were only 24 used A4 papers! No tapes! No glue! The success rate depended mostly on the students’ ingenuity and application of their knowledge of balance. Check out some of the towers they have built!

OUTRO

Well what a wonderful week it's been - our students are so eager to learn and excel and we are so proud of all the well deserved awards they received. We wish all students and parents a restful weekend.

**Warmest wishes,
UISZ School & Boarding Community**
