

UISZ Community Summary – Week 36

INTRO

This week has been another busy week at UISZ - as MYP students diligently completed their end of term summatives as part of SAW (summative assessment week). In addition we had Y10 students transitioning to DP and graduation ceremonies for Y10 and Y12 students (albeit scaled back due to government imposed COVID 19 restrictions). Photos will be included in next week's Community Summary.

PYP

Message from Ms Tiffany

During this week's KG and Y1 PHE class, students started house jumping to improve their coordination, hands power, balance and body control. This is good training to build up their body agility.

Message from Ms Ha

During our UOI "Sharing Our Planet", the K3/Year 1 students have been making their animal habitats. They have created habitats specific to the

animal of their choice, demonstrating their understanding of how animals are dependent on the environment around them. The students presented their project to their peers, highlighting the location of food, water and shelter.

MYP
Message from Mr Greg

This week was our summative assessment week. It was a great opportunity for students to show their learning one last time this week. Next week will be an opportunity for them to reflect on their assessments and the year as a whole. Even though our end of year activities will be muted it doesn't reduce the importance of them.

Message from Ms Valentine

In French , the Year 7-8th students have been busy preparing their speaking summative assessment. They have been guided step by step to write up a short script about their school (imaginary or not). Afterwards, listening to the teacher reading their script, they will have to practice orally (pronunciation, intonation). They should all be ready for their assessment on Friday, should it be online or in person! *Bonne chance, Year 7-8th!*

BOARDING

Message from Ms Kate

The Primary Boarders concluded their time with me in STEAM by being allowed to choose their own form of experiments and expression in the Makerspace. This was largely a rewarding few weeks, with learners being given both voice and choice in their own exploration of STEAM in practice.

OUTRO

We wish all our students, their parents and care givers a relaxing weekend. Just one more week to go until the end of term - so stay Covid safe - and let's make the most of it! Have a fantastic weekend.

**Warmest wishes,
UISZ School & Boarding Community**
