

August 20

Dear parents,

This week marked the beginning of our CCA's and the implementation of the new after-school programme at the Boarding facility. We are confident that our boarders will appreciate the extra attention put to **their studies and well-being**. I reiterate that all day students can take the advantages of the programme on the days of their choice by using the **flexi-boarding** solution on the day (s) of their choice. By doing so, for a minimal price, flexi-boarders will have **two hours of tuition and one hour of physical activity** by qualified teachers and coaches.

Since we need to postpone the UPAZ BBQ, we are looking at ways for our parents to meet the teachers online. More information to come.

Last, I would like to thank all staff and students for their participation in today's **COVID-19 testing session**. Please note that we remain in close contact with the authorities regarding vaccination opportunities.

Have a great weekend!

UISZ Head of School
