#### INTRO 简介

##### Message from Mr Chay 来自 Chay 老师的寄语

Congratulations to our High School Girls Volleyball teams for playing 6 games over 3 days at the Southern China season-ending ACAMIS Volleyball tournament hosted by Shen Wai International School in Shenzhen. The level of competition was high, the energy level was intense but the atmosphere was nothing short of fun, supportive and opportunities to make memories. Our Cobras girls team girls played their hardest, overcame many emotions and bonded together extremely well over the course of the tournament. They have learnt so much about themselves individually and as a team. Player development was evident as each game keeps getting better. Despite the result, the sportsmanship, team spirit, resilience and tenacity showed by our team was extremely commendable and memories were made!

### Message from Mr Justin 来自 Justin 老师的寄语

DP Film students collaborated on one of their IA Portfolio Cinematography Role - Reel experiments this week in the Secondary Library - which in this case was a one minute continuity scene in which a master shot and over-the-shoulder medium and close up shots were recorded - so that when edited together they will appear to be connected in time and space, as you would typically see in a dialogue scene from a movie. DP 电影系的学生本周在中学图书馆合作了他们的一个 IA Portfolio 电影摄影角色-卷轴实验——在这种情况下，这是一个一分钟的连续性场景，其中记录了一个主镜头和越过肩膀的中等和特写镜头——这样，当一起编辑时，它们将在时间和空间上看起来是连接的，就像你在电影的对话场景中通常看到的那样。
